Boston Society for Medical Improvement, 65, 170, 326, 418 326, 418
Boston Society for Medical Observation, 148
Boston Dispensary, report of, 259
Boston, mortality, in 71; city council, 72
Boston Dispensary for Nervous Diseases, 273
Boston Lying-in Hospital, 440
Parada area by way of compine, 381 Bowels, singular way of opening, 361
Brain-disease, origin and signification of the symptoms, 262
Brain, heaviest recorded, 348
Breck, Dr. T. F. A case of scalping, 8
British Medical Association, 108 Bromide of potassium, 35 Bright's disease, high specific gravity in, 118 Brown-Séquard, Dr., lecture by, 244 Blood-corpuscles, red, mounting of, 296 Bullets, on the detection of, 346

Cantenie, 422
Cambridge University, England, 368
Campbell, Dr. W. H. Case of death from bathing,
with remarks, 64; delivery of living child twelve
days after rupture of membranes, 196 Cancer, prize essays on, 348
Canada Medical and Surgical Journal, 99
Canada Medical Association, 229
Cancer, treated with carbolic acid, 106; of stomach, Cancer, treated with carbolic acid, 106; of stomach, 149; of the tonsils, 175.
Carbolic acid, test for, 108
Cataract, operations, improvement in, 385; extraction, 409
Cephalæmatoma, 47, 118
Cerebral hemorrhage, 101
Cerebral pennorrhage, 101
Cerebral pennorrhage, 101 on, 107 Chadwick, Dr. James R. Palpation in obstetrics as practised in Germany, 109, 128, 460 Children's Hospital, 58 Chilblains, recipe for, 368 Cholera, advance of, 71, 224; receipt against, 272;

Chloroform-phobia at Lyons, 48 Chloroform, death from, 124, 191, 222, 240, 277; among the Chinese, 244; combination of the among the Connese, 244; combination of the subcutaneous injection of morphia with adminis-tration of, 346 Charlestown Dispensary, 124 Chicago Medical College, 296 Clarke, Dr. E. H. A new rule for doses, 209 College of Physicians and Surgeons of New York, 71

Chloral, hydrate of, 15; action of, 38; as a topical application in eczema, 70; for tooth ache, 397

Constipation, relieved by electricity, 395
Convalsions, 285
Corns, cure for, 330
Cotting, Dr. B. E. Annual address before the Norfolk District Medical Society, 1

Cough, hysterical, 149

Country physicians, 437

infantum, fatal case of, 360

Chloride of ammonium, 190

Chinese foot, 384

Credulity, learned vs. vulgar, 34 Creasote, 71 Cundurango, value of, 140 Cyst, ovarian removal of, 97; congenital, of the neck, 258, 317 Cysticercus cellulosæ in the human eye, 400 Dalton, the late Dr. Edward B., 71
Dana, Dr. Francis, death of, 40
Dartmouth Medical College, 368
Davenport, Dr. J. H. Öxygen a remedial agent,
61; percentage of success in revaccination with humanized virus, 373
Death-rate in the United States and Europe, 74 Delivery, the use of the bowl during, 36; of living child twelve days after rupture of membranes, 196 child twelve days after rupture of membranes, 196
Deer Island Hospital, 58
Dejections, fatty, for four years, 65
Dentistry, extraordinary, 92
Derby, Dr. Husket. Extraction of cataract, 409
Dermatology, report on, 387, 410; museum of, 404
Diabetes inspidues, 40; and chronic nephritis, 52;
treatment of, 308 Diarrhœa, lienteric, in children, 35; chronic, simple method of treatment, 332 Disinfection of air in sick rooms, 383, 403

Craniotomy under difficulties, 192

Disinfection of air in sick rooms, 383, 403
Dislocation of the lower end of the ulna, forwards,
299; of the spine, 349
Dissections, legalized, 70
Doctors' black list, 75; their quarrels, 76
Dodge, the late Dr. Franklin, 76
Doses, a new rule for, 209
Drunkenness, habitual, can it be cured, 150 Dust respirators for factory operatives, 383 • Dwight, Dr. Thomas, Jr. Report on anatomy, 163,

Ear, removal of foreign bodies from, by a sure and safe method, 175
Ectopia cordis, 251
Ectopia cordis, 251
Edgenly, Dr. T. Report on therapeutics, 196, 211
Edgenly, Dr. D. M. Case of double vagina and

uterus, 280 Effect of high elevation on the system, 459 Elbow, disease of, amputation and recovery, 206 Electricity in surgery, 193; as a means of detecting death, 242; application of, 353; in ameanorrhea,

Electro-therapeutics, report on, 229 Empyema, 379 Emphysema, 396

Enemata, nutritive, 331 Epilepsy, cured by use of bromide of potassium, 268 Ergot, in the cure of uterine fibroids, 152 Erysipelas, 103; infantile, 311; collodion in the treatment of, 319

Ether, use of in Ireland, 74; effect on the uterine contractions, 119; reintroduction of into England, 225, 239; alleged death from, 277; vs.

chloroform, 401 Expert testimony, 219; compensation for, 258 Eyes, artificial, 224; injury to, 380

Faradic current, Du Bois Reymond's "sledge-apparatus" for generating the, 268 Fecundation, artificial, 75 Feeundity, extraordinary, 76

Feeding by the rectum, 387
Fever, intermittent, treated by subcutaneous injection of sulphate of quinine, 366

jection of sulphate of quinne, 366 Fever, typhoid, 93, 125, 306; swelled leg of, 257; hæmorrhage from the bowels in, 263, 441; emphy-sema of the liver with, 347; three cases of, with singular characteristics, 365; ending in Bell's disease or exhaustive mania, 369; intestinal hæmorrhæg in 441.

hemorrhage in, 441
Fever tree, 291
Fifield, Dr. W. C. B. Congenital cyst of the neck, 317

317
Fire-proof buildings, 458
Fitz, Dr. R. H. Report on pathology and pathological anatomy, 264, 280
Featation, extra-uterine, remarkable case, 19
Fectus, bones of discharged by rectum, 97
Foot and mouth disease in the human subject, 383

Foot and mouth disease in the human subject, 383 Fork, passage from the stomach to thigh, 90 Fracture, compound, of femur, 123; simple of femur, 205; absorption of the humerus after, 245; of scapula and ribs, with scalp wound, 274; of skull, with depression, 274; of skull, 438; of spine, 438; of spine, 438 France, depopulation of, 140 Freedman's Bureau, 72

Gall-bladder, complete ossification of, 148 Gallic acid, delicate test for, 108 Galvano-emesis, 384

Galvano-emesis, 384
German war losses, 222
Gilman, Dr. J. H. Dislocation of the lower end of
the ulna forwards, 299
Glaucoma, operation for relief of, 395
Graves, Dr. T. T. Case of poisoning by laudanum,
successfully treated by belladonna, 279
Green, Dr. J. Orne. Report on otology, 231, 249
Greene, Dr. J. S. Copley. Electricity in surgery,

Greenough, Dr. F. B. Lostorfer's corpuscles, 405 Gunshot wounds, 335, 386

Hæmatinic, a real, 103

Hæmatinic, a real, 103
Hæmatoxylin, 105

Harvey, memorial to, 296

Harvey, memorial to, 220 Hay-cutter as an amputator, 156 Health resorts at the South, 21 Hear the other side—physiology and medicine, 255 Heart, dilatation, with adherent pericardium, 53; disease, increase of, 60; diagnosis of different murmurs of, 207; overwork and strain of the, 157, 170.

157, 179

Hernia, strangulated, reduced by taxis after puncture of the intestine, 89; strangulated femoral,

ture of the intestine, 89; strangulated femo 327; vaginal, 403 Heroic druggist, 99 Homocopathic converts, how they are made, 14 Horse epidemic, 345; Prof. Law on the, 348 Hospitals for Englishmen in Paris, 299 Hotel Dies, 124

Hotel Dieu, 124
Hunter, John, and Samuel Johnson, 136
Hydatid cyst of the heart, 417
Hydrate of chloral, 15

Hydrophobia, prophylaxis of, 367 Hydrocele, new method of treatment, 37; six case

Hypertrophy and lengthening of the femur and tibia in a case of syphilis, 15
Hymen, imperforate, 380

Idiosyncrasies, 378 Ileus, 327

Inflammation of the portal vein, with enormous en-largement of the liver, 121

largement of the liver, 121
India, the heat in, 74
Infants, cold food for, 39; young, artificial food, 77; mortality among, 87; rare mode of death among, 105; prevention of excessive mortality among, 347
Insane asylums, administration of, 223
Leanting Collifornia, 74, prediction in 210, 225

Insane asylums, administration of, 223
Insanity, in California, 74; medication in, 210; relation of syphilis to, 222
Iodide of lead, new method of dissolving, 410
Iodine, bleached tincture of, 207
Iowa State Medical Society, 60
Iowa State in China, 106

Insane, "cottage system" for, 207. Injuries, multiple, 274 Introductories, 420

Jackson, Dr. J. B. S. Typhoid fever, 93, 125 Japan, Army Medical School in, 74 Jaw, anchylosis of the lower, 24 Jeffries, Dr. B. Joy. Reintroduction of ether into England, 225; value of the ophthalmoscope to the general practitioner, 313 Johnson, Samuel, and John Hunter, 136

Justice to an army surgeon, 72

Kerosene oil in chronic rheumatism, 171

Kidinga pepo, 38 Kidneys, movable, 346 Kidneys, movable, 346
Knight, Dr. F. I. Report on diseases of the throat, 353, 374

Labor, difficult from a sharp prominence at base of sacrum, 31; turning, craniotomy, decapitation and cranioclasm, used before delivery, 64; tedious, from mal-presentation, 87; extraordinary, 224; complicated by closure of the os uteri, 307; savere case of, 379

224; complicated by closure of the os uteri, 307; severe case of, 379
Larvee che-the manger, 73
Larve of cestris or bottly, 306
Library, public medical, 332
Ligaments of the symphysis publs, relaxation of, 251
